HYBRID BATTERY WARRANTY COVER AND HYBRID HEALTH CHECK (HHC)

A Hybrid Health Check is included in all services for hybrid vehicles, where a technician will test the entire hybrid system and provide a written report.

With each Hybrid Health Check, the customer will receive an extra 1 year or 10,000 mile (whichever comes sooner) hybrid battery warranty extension, until the vehicle is 15 years old.

An annual Hybrid Health Check is free of charge as part of any Lexus Service. If a service isn't due for a while, a standalone Hybrid Health Check is available for just 59 to offer peace of mind.

ELECTRIC VEHICLE BATTERY WARRANTY COVER AND BATTERY HEALTH CHECK

Lexus has over 20 years of experience with advanced batteries due to our use of Lexus Self-Charging Hybrid technology, and all of this knowledge has been used to develop the large capacity Lithium-ion (Li-ion) battery in the UX 300e.

This experience alongside careful monitoring and battery management also gives us confidence to offer a standard 8-years/ 100,000 mile warranty (whichever comes first) on the battery. This is extendable to 10 years (or 600,000 miles, whichever comes first) with the Battery Health Check included in each service at your Lexus centre.

TERMS & CONDITIONS

Vehicles in the Lexus range come with high specifications as standard. As a result, the 'on the road' price* includes not only all those items generally offered as extras, but also many advanced features exclusive to Lexus.

Details of the extensive technical specifications and interior appointments of each model are described fully in the main brochures. Whichever model you choose, you can look forward to a standard of After Sales service that's second to none, provided by a network of Lexus Centres individually selected for their exemplary record in customer care.

Some Lexus vehicles (including certain specifications and colour/trim combinations) are built to order and could take approximately 2 to 3 months from time of purchase to delivery. For detailed information on lead times, please consult your local Lexus Centre.

QUOTED MPG FIGURES

Figures are provided for comparability purposes; only compare fuel consumption and CO2 figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results. Fuel consumption and CO2 produced varies significantly depending on a number of factors, including the accessories fitted (post-registration), driving style, conditions, speed and vehicle load.

All models and grades are certified according to the World Harmonised Light Vehicle Test Procedure (WLTP). All mpg and CO2 figures quoted are full WLTP figures. For more information on WLTP and specific vehicle types see [<https://www.lexus.co.uk/wltp>].

More information on WLTP in general can be found by visiting: www.vehicle-certification-agency.gov.uk/fcb/wltp.asp.
